Certificate of fitness to drive A Hackney Carriage, Private Hire vehicle or Combined Driver Licence

When completing this medical report and certificate, please have regard to the DVLA's "At a glance guide to the current medical standards of fitness to drive" and the Medical Commission's accident prevention booklet "Medical aspects of fitness to drive".

The main purpose of the medical report is to ascertain that the client is fit to drive and any additional information should only be disclosed to advise on recommended length of fitness (e.g., insulin dependent diabetic).

Applicants who may be symptom free at the time of the examination should be advised that if, in future, they develop symptoms of a condition which could affect safe driving and they hold any type of licence they must inform the Council.

Any additional information not relevant to the below two instances are not to be disclosed. The medical practitioner must determine from the completed medical whether the applicant is or is not fit to drive under Group 2 standards.
