PARK STREET (South Side)) Nos 9 to 11 (consec)	II*	<p>3 early C19 houses forming a symmetrical group, 3 storeys and basement, London stock brick, small modillioned Portland stone cornice and blocking course over 2nd floor windows, slate roof. No 9 has 4 windows on upper floors, 3 windows on ground floor and tall 6-panelled flush door to left hand of centre. The door has a rectangular moulded wooden panel at its head and a semi-circular, radiating and concentric fanlight, all under an Ionic portico consisting of 2 columns, 2 pilasters, entablature and pediment at the top of 5 moulded stone steps. There are 3 windows in the basement and the areas have light geometrical cast-iron railings. Nos 10 and 11 are of similar materials and design but 3 bays wide. No 10 is flanked by 2 cast lead rainwater head and pipes with small lion masks on heads. Each house has 3 windows on the upper floors, 2 window on the ground floor and a 6-panelled door to left hand in brick arched recess. The door and fanlight of No 11 is similar to that of No 9 that of No 10. Park Street Lodge Nos 2 to 16 (consec), entrance to Black Lion Yard, Nos 20 to 24 (consec), Archways to Royal Mews. Nos 25 to 35 (consec) Cambridge Lodge, Cambridge Gate and Park Street Gate form a group.</p>	No Photo Available
PARK STREET (South Side) Nos 12 to 16 (consec)	II*	<p>An early C19 terrace of 5 houses, 3 storeys and basement, stucco rusticated ground floor treatment, string at 1st floor level, Nos 12 and 19 are recessed with composite piers at the outer angles and 2 engaged composite columns between the windows. An entablature runs the whole length of the terrace with balustrading pierced over windows. Slate mansard roof. Each house has 2 dormer windows, 3 square windows on the 2nd floor. A continuous balcony similar to that of Nos 12 and 15 is carried across the 2 houses, site ground floor windows are rectangular, those of No 13 have no glazing bars. The arched doors are grouped in centre. All the doors have a large single panel and the fanlights have concentric glazing. The corner is recessed with 2 Doric columns and plain window. Park Street Lodge, Nos 2 to 16 (consec), entrance to Black Lion Yard, Nos 20 to 24 (consec), Archway to Royal Mews, Nos 29 to 35 (consec). Cambridge Lodge, Cambridge Gate and Park Street Gate form a group.</p>

Name	Grade	Description	Photo
PARK STREET (North Side) No 20	II*	Late C18 3 storeys and basement, brick on chamfered brick plinth, brick string over 2nd floor windows, brick parapet with stone coping, old tile roof. The house has 3 windows with stone cills on upper floors, 2 windows on ground floor, and 6 panelled door to the left hand with rectangular fanlight with radiating and concentric glazing. The doorcase consists of Doric pilasters, broken architrave, plain frieze and denticulated and moulded flat cornice. The pilasters stand on tall plinths on 3 stone steps. There are 2 blocked windows in the basement. No 21 and No 22 have link value only. Modern in C18 character 2 storeys and attic, brick, bracketted cornice, tile roof. Park Street Lodge, Nos 2 to 16 (consec), entrance to Black Lion Yard, Nos 20 to 24 (consec), Archway to Royal Mews, Nos 29 to 35 (consec), Cambridge Lodge, Cambridge Gate and Park Street form a group.	
PARK STREET (North Side)) Nos 21 and 22	II	Circa 1910-20 pair. Good early Georgian style infill. 2 storeys and attic red brick with stone plinth. Band between storeys. Bracketed wood eaves cornice, gable end tiled roof with 3 hipped dormers. Flush framed glazing bar sashes, narrow to centre above paired doorways. 6 panel doors, rectangular fanlights, stone pilasters and long fluted brackets, with dossierets, to flat hood. Included for group interest. Park Street Lodge, Nos 2 to 16 (consec), entrance to Black Lion Yard, Nos 20 to 24 (consec), Archway to Royal Mews, Nos 29 to 35 (consec). Cambridge Gate and Park Street Gate form a group.	
PARK STREET (North Side)) Nos 23 and 24	II	A pair of houses, C18, 3 storeys and cellar. Red brick with vertical lines of vitreous brick between windows, painted plinth and door surrounds, moulded brick string with tile creasing over 2nd floor windows, brick parapet with stone coping and old tile roof. There are 8 semi-circular headed casement windows on the 2nd floor, 4 windows without glazing bars on the 1st floor, 6 windows on the ground floor and 2 6-panelled doors No 23 with 3-pane rectangular fanlight, No 24 with plain rectangular fanlight. The doors are in rusticated brick jambs with moulded caps, plain frieze, denticulated cornice (part of that of No 24 missing) and blocking cornice. Each door has 3 stone steps, 2 central windows (1 blocked) in cellar. Park Street Lodge, Nos 2 to 16 (consec), entrance to Black Lion Yard, Nos 20 to 24 (consec), Archway to Royal Mews, Nos 29 to 35 (consec) Cambridge Lodge, Cambridge Gate and Park Street Gate form a group.	
PARK STREET (North Side) Archway to Royal Mews	II	Dressed stone gateway. Piers with truncated steeple caps surmounted by lamps. Large, spear head rails to gates. Part of Blore's Royal Royal Mew's circa 1840. See also under ROYAL MEWS. Park Street Lodge, Nos, 2 to 16 (consec), entrance to Black Lion Yard, Nos 20 to 24 (consec) Archway to Royal Mews, Nos 29 to 35 (consec), Cambridge Lodge, Cambridge Gate and Park Street Gate form a group.	

Listed Buildings Descriptions and Images

Name	Grade	Description	Photo
PARK STREET (North Side)) Nos 29 to 33 (consec)	II	Circa 1910 row of neo Georgian good infill. 2 storeys red brick with gault headers as vertical strips between the windows. Stone plinth Bracketed wood eaves cornice to gable end tiled roof with hipped dormers. 2 windows each flush architrave framed glazing bar sashes, camber arched on ground floor with cornice moulding over rubbed brick arches. Paired doorways similar to Nos 21 and 22. Park Street Lodge Nos (2 to 16) consec, entrance to Black Lion Yard Nos 20 to 24 (consec), Archway to Royal Mews, Nos 29 to 35 (consec) Cambridge Lodge, Cambridge Gate and Park Street Gate form a group.	
PARK STREET (North Side)) No 34 (The two Brewers Inn)	II	Late C18 front to older building. 2 storeys yellow brick, mostly concealed by creeper. Parapet coping. Slate roof. 4 windows, recessed glazing bar sashes to 1st floor, no glazing bars ground floor. Flush panelled door. Park Street Lodge, Nos 2 to 16 (consec), entrance to Black Lion Yard, Nos 20 to 24 (consec), Archway to Royal Mews, Nos 29 to 35 (consec) Cambridge Lodge. Cambridge Gate and Park Street Gate form a group.	
PARK STREET (North Side)) No 35	II	Early C19 probably recasing of earlier building. 4 story gabled front, originally white brick, now mostly rendered, the ground floor stone faced. 3 windows, glazing bar sashes. 6 panel door. Park Street Lodge, Nos 2 to 16 (consec), entrance to Black Lion Yard, Nos 20 to 24 (consec), Archway to Royal Mews, Nos 29 to 35 (consec), Cambridge Lodge, Cambridge Gate and Park Street Gate form a group.	
PARK STREET (North Side) Cambridge Lodge	II	Part of Windsor Castle and with access from Home Park but integral with Park Street. Circa 1840 probably by Blare as it relates to Royal Mews work. 3 storeys small cut rock faced Portland stone with sandstone dressings. It could therefore possibly be of circa 1820-30 and by Wyattville. Octagonal corner tower with Park Street, castellated parapet, concave swept return to canted narrow bastion. A 2 storey crenellated proportion to ground and 1st floor runs north in front of canted 2nd floor, linking with 4 storey octagonal with tower. Paired and single lancet windows, weathered plinth string raised as drip mould over ground floor windows. Small canted stone porch with stone pent roof. Park Street Lodge Nos 2 to 16 (consec), entrance to Black Lion Yard, Nos 20 to 24

		(consec), Archway to Royal Mews, Nos 29 to 35 (consec) Cambridge Lodge, Cambridge Gate and Park Street Gate form a group.	
PARK STREET (East Side) Cambridge Gate and Park Street Gate	II	Wyatville probably, the gates run across the Long Walk and across Park Street both linking with octagonal corner tower of Cambridge Lodge. The Cambridge Gate has return section to south east, diagonally set stone piers surmounted by lamp standards - spear head rails. Park Street Gates are similar but with square set octagonal piers also surmounted by lamps. Park Street Lodge, Nos 2 to 16 (consec), entrance to Black Lion Yard, Nos 20 to 24 (consec), Archway to Royal Mews, Nos 29 to 35 (consec) Cambridge Lodge, Cambridge Gate and Park Street Gate form a group.	
PEASCOD STREET (South East Side) Nos 27 and 28	II	C16 or early C17 timber framed building. 2 storeys with overhanging 1st floor having C19 stucco facing. Double pitch gable end tiled roofs with cross link. 2 windows 1st floor: C19 sashes in flush architraves. Late C19 modernised shop front, fascia built into overhang.	
PEASCOD STREET (South East Side) No 32	II	Early C19. 3 storeys rusticated stucco. 3 sashes in architrave surrounds. Ground floor has 3 wide openings, the centre a door with side lights and fanlight and pilasters at the sides. The left hand opening is similar but has vermiculated rustications, probably mid C19; the right hand is similar but has a 3 light sash window. Capped parapet with shaped raised centre. Full height one window extension to right with carriage arch in matching style.	
PEASCOD STREET (South East Side) No 33	II	Circa 1800 road block formerly part of a pair. 2 storeys stucco faced with cornice and parapet. Mansard slate roof with 2 dormers. 2 C19 sashes 1st floor modern shop front. To rear of this circa 1800 house in the yard of the Bakers Arms is the remaining part of a C17 timber framed building of box frame type. 2 storeys with one small windows 1st floor level - painted brick nogging. Old tile roof. Interior at 1st floor level has C18 panelling with corner fireplace. Roof not accessible.	

Listed Buildings Descriptions and Images

Name	Grade	Description	Photo
PEASCOD STREET (South East Side) No 72	II	Dated 1834. Corner site with Victoria Street. 2 storeys, rendered 1st floor with parapet, moulded coping. 2 windows, one blind to Victoria Street - recessed glazing bar sashes. Fascia and shallow cornice carried over both fronts on ground floor, pilasters each end. Doors and windows partly altered but retaining shallow moulded architrave surrounds.	
PEASCOD STREET (North West Side) Crosses Corner Public House	II	Circa 1780 red brick 2 storey house, with brick dentil eaves and hipped tiled roof 3 windows: flush architrave framed sashes with flat rubbed gauged brick arches on 1st floor. The ground floor built out for public house circa 1830-50 stucco faced with parapet coping. 2 tripartite glazing bar sashes. Central double flush panelled and glazed door in pilaster frame. To rear elevation on 1st floor a circa 1800 or early C19 canted bay window with roughcast facing and hipped tiled roof - 3 pointed arched lights in stucco frames.	
PEASCOD STREET (North West Side) Nos 78 to 80 (consec)	II	Circa 1780-1800 2 storey block - rendered 1st floor over modern shop fronts. Double band cornice and parapet with coping. Gable end old tile roof. 6 windows in all to 1st floor, 3 blind, the others 3 x 3 pane glazing bar sashes in nearly flush frames. Included for group interest. Nos 78 to 84 (consec). Nos 86 and 87 form a group.	
PEASCOD STREET (North West Side) Nos 81 and 82	II	Circa 1840-50 2 storey pair. White brick with stucco frieze, moulded cornice and parapet. 2 windows each with flat gauged brick arches. Modern shop fronts. Included for group interest only. Nos 78 to 84 (consec). Nos 86 and 87 form a group.	
PEASCOD STREET (North West Side) Nos 83 and 84	II	Mid to later C18 pair. 2 storeys and attic, red brick and grey headers. Steep hipped mansard old tile roof with 2 hipped roof dormers. Central chimney stack. Toothed brick eaves, 2 windows to No 83, one to 84 early C19 sashes. Modern shop fronts. Rear has irregular camber arched sashes and later additions. Nos 74 to 84 (consec). Nos 86 and 87 form a group.	

Listed Buildings Descriptions and Images

Name	Grade	Description	Photo
PEASCOD STREET (North West Side) Nos 86 and 87	II	C16/C17 3 storey timber framed house with slight overhang. 4 bay queen post roof. Close studding. In process of restoration with new infill. Nos 78 to 84 (consec). Nos 86 to 87 form a group.	
PEASCOD STREET Nos 93A and 94	II	House now shops and offices. C17, altered early C18, refronted 1840. Timber-framed, stuccoed to rear and flank elevations; red brick facade; old tiled roof, felted flat crown. Double-depth plan, the rear unit probably later, gabled to rear. Two storeys; 3 windows the centre blank, the others glazing bar sashes under flat rubbed brick arches. Later C19 shop fronts by pilasters and consoles to ground floor; that to left one bay wide and intact, that to right two bays wide remodelled in C20 within late C19 framework. Simple string course of three projecting courses below parapet. Roof hipped to right; roof dormer with 2-light casement window. To rear and flank elevation, 3 sashes with segmental heads and broad glazing bars, early C18.	
PEASCOD STREET (North West Side) No 98	II	Mid to later C18 3 storey stuccoed brick front with parapet coping. Quoin pilaster to right hand. Lead rainwater head and down pipe to left hand. 3 windows to upper floors, slightly camber headed near flush framed sashes, glazing bars intact. The ground floor has a small circa 1850-60 public house front: central window and panelled and glazed side doors with fanlights, flanked by engaged columns on pedestals with bold composite capitals decoratively painted. Frieze and projecting cornice carried across front.	
PEASCOD STREET Nos 101-103	II	Nos 101 to 103 (consec) II GV 2. Nos 101 to 103 are 2 3 storey stock brick fronts of circa 1840-50. No 101 taller and painted, moulded cornice and parapet with flanking dies. 2 windows to upper floors. Ground floor has yard entry and small shop front in common pilaster frame - fluted consoles flanking fascia. Nos 102 and 103 have a front flanked by pilasters strips with band cornice carried over - parapet with 2 shallow panels. 2 windows to upper floors. Altered shop front. Included for group interest. Nos 101 to 104(consec) form a group.	

Listed Buildings Descriptions and Images

Name	Grade	Description	Photo
PEASCOD STREET No 104 (The Duke of Cambridge Public House)	II	Early to mid C19 stuccoed refacing of mid C18 2 storey house. Moulded cornice, blocking course raised at ends. 3 windows 1st floor in eared moulded architrave surrounds. Mid C19 pilastered public house front With 2 2-light colonetted windows and central doorway - entablature across. Mid C18 rear wing outbuilding partly timber framed? stuccoed with rebuilt gable end. Nos 101 to 104(consec), form a group.	
PEASCOD STREET (North West Side) Nos 134 and 134A	II	Corner site with Goswell Hill. Late C18 former pair of 3 storey houses, stucco faced above modern shop fronts and with red brick long wing to Goswell Hill. Later alterations. The front elevation has quoin pilasters and dividing pilaster, plain parapet, cornice removed. 2nd floor sill band between pilasters. 2 windows each to upper floors all with glazing bar sashes. Lead rainwater head decorated with putto in relief. Return to Goswell Hill has wooden cornice to old tile roof and wood beam tied in above 1st floor. Near flush framed sash windows, slightly cambered header arches. Hatchway (loading bay) and large 3 light works window set in what may have been former coach house entrance. Entrance to No 134A pilastered with archivolt arch and key. The north end of this elevation is stucco faced with shaped gable - camber arched glazing bar sash to attic, 2 partly glazed hatches 1st floor and one window and double door on ground floor.	
PEASCOD STREET (North West Side) Nos 135 and 136		Nos 135 and 136 comprise a High Victorian elevation above modern shop fronts on the ground floor. The front is dated 1866 and is of red brick with stone dressing and some patterned brickwork, treated in a symmetrical, restrained Venetian style. Sill courses to the upper floors and moulded impost strings; moulded bed to frieze with plain, capped tri glyphs and projecting moulded eaves cornice. 4 windows to 1st and 2nd floors, round headed brick voussoir arches with pointed stone arches above containing delicate floral and scroll carving. The central pair of windows have linked arches and are flanked by roundels and small carved panels. Coupled and tripled squat, round headed 2nd floor windows with patterned brick voussoir arches rising from carved leaf impost; projecting sills, that to centre group more prominent with cast iron flower guard.

Name	Grade	Description	Photo
PEASCOD STREET (North West Side) No 140	II	C17 stucco faced 3 storey gabled front with overhang, timber framed. Old tile roof. Stringcourse. 2 windows to upper floors. Flush framed sashes, no glazing bars. Modern shop front.	
SHEET STREET (West Side) No 22	II	Circa 1830-40 corner block. 3 storeys stucco with curved inset corner. Plat band, projecting eaves cornice. 3 windows to Sheet Street, 4 to return. Glazing bar sashes in architrave surrounds. Bar windows and corner entrance flanked by Ionic pilasters with crisply moulded volutes.	
SHEET STREET (East Side) No 11	II	Latter part of C18 but with mid C19 alterations. 3 storey brick house with later stucco facing, long and short quoins. String courses, panelled parapet. 5 windows in moulded architrave surrounds, those on ground floor with heavy vermiculated rustication and large keystones. Plain area railings.	
SHEET STREET (East Side) No 17	II	Late C18, 2 storeys, brick with parapet and stone coping, hipped slate roof. 3 windows with architrave frames and segmental heads on the 1st floor, 2 similar windows on the ground floor and 6 panelled door to the righthand with a cast iron wreath knocker and a rectangular fanlight over with curved diamond glazing pattern. The door case has fluted Doric pilasters, broken entablature with cornice projecting to form a flat hood. There is a 1 bay extension (modern) the same design to left hand with 1 window on the 1st floor and 1 flush 6 panelled door with 3-paned rectangular fanlight on ground floor. Nos 17 and 19 are designed as a group.	

Listed Buildings Descriptions and Images

Name	Grade	Description	Photo
SHEET STREET (East Side) No 19 (Hadleigh House)	II*	Late C18, 3 storeys, attic and basement, dark red brick on projecting basement, and projecting 3 course band over the 2nd floor windows crowned by 1 course of stone, plain parapet with stone coping and mansard roof of small slates, flanking chimneys. There are 3 dormer windows in the attic with architrave architrave frames and small cornices, 5 square windows on the 2nd floor and 5 windows on the 1st floor. The 1st, 3rd and 5th window on these floors has a pair of Venetian shutters. On the ground floor there are 4 windows with plain scolloped blind cases, and a 6 panelled central door with a rectangular fanlight over, concentric, radiating and wreathed glazing pattern enriched with cast lead ornament. The doorcase has a plain outer surround with entablature, engaged Ionic columns, entablature with modillioned cornice and pediment, 8 stone steps with plain wrought iron handrails. Nos 17 and 19 are designed as group.	
SHEET STREET (East Side) Nos 21 to 25 (Odd) No 27	II	Early C18. 2 storeys and attic, brick. A symmetrical elevation with projecting brick piers at the corners and a central bay projecting 9" and carried up as pedimented gable end with coping of 1 corbelled course and brick on edge. Narrow brick string over 1st floor windows, parapet and stone coping to side bays, old tile mansard roof. There is 1 window in the central bay and 2 hipped dormers in the attic; 3 windows with flush architrave frames and segmental heads on the 1st floor and 2 similar windows on the ground floor. Central 7 panelled recessed door in plain cut brackets and flat moulded hood with bed-mould carried round the brackets. Small contemporary wrought iron scroll scrapers. There is a late C18 extension to the left hand with a coupled sash dormer window in the attic, 1 segmental headed coupled sash window on 1st floor and on ground floor. Nos 21 to 31 (odd) form a group	
SHEET STREET (East Side) Nos 29 and 31	II	2 remaining late C18 houses of former row of 4. 3 storeys dark red brick, thin stone 1st floor sill course, parapet with stone coping hipped slate roof. Each house has one window, sashes no glazing bars. 6 panel doors in fluted pilaster cases, key pattern corner blocks and thin flat hood on cut brackets. No 29 has 2 storey C19 rectangular bay window with tile hung aprons. There is an arched passage entry to the right of No 31 with door of 6 flush panels and radiating grille. Nos 21 to 31 (odd) form a group.

Name	Grade	Description	Photo
THAMES STREET (West Side) No 2	II	Circa 1890 timber framed Jacobean front. 4 storeys with painted plastered infill. 2 gables, the left hand one jettied over 3rd floor. 2 windows - leaded casements. 2 storey oriel bay to 1st and 2nd floors on left hand. To right hand on 1st floor, a 4 light window with tent hood and wood balustrade set in front. Stained wood pilastered bank front, arched entrance with carved spandrels. Included for group interest. Nos 2 to 25 (consec) form an important group.	
THAMES STREET (West Side) No 5 (Knights Tavern)	II	Double gabled stuccoed front, probably of C17 origin but altered C19. Rusticated quoins. 2 windows: marginal glazed attic casement, architrave framed sashes 2nd floor; 1st floor windows are flanked by panelled pilasters and have flat arches with incised ornament and pediments over. Public house front with 2 windows and 3 doors, segmental arches, engaged columns on pedestals with composite capitals. Nos 2 to 25 (consec) form an important group.	
THAMES STREET (West Side) No 6	II	Early C18, possibly refronting of timber frame with slight overhang, stucco faced. 3 storeys, deep moulded boxed cornice, steep gable end tiled roof with 2 gabled dormers. 4 windows, no glazing bars to sashes in flush architraves, those on 1st floor with friezes and pedimented cornices. Modern shop front to ground floor, lead rainwater head and down pipe. Nos 2 to 25 (consec) form an important group.	

Listed Buildings Descriptions and Images

Name	Grade	Description	Photo
THAMES STREET (West Side) Nos 7 to 9 (consec)	II	2 storeys and attic, early to mid C18, stucco faced. Modillion bracket cornice. Attic floor made continuous with coping - originally had hipped roof dormers. Early C20 shop fronts. 2 windows in flush architraves 1st floor and narrow one to centre. Nos 2 to 25 (consec) form an important group.	
THAMES STREET (West Side) No 10	II	Early C19 front. 3 storeys and attic painted brick. 2nd floor sill band, parapet with coping. 2 flat roofed dormers in steep hipped tiled roof. 4 windows to upper floors, tall recessed sashes, glazing bars intact only to upper part of each sash. 2 doors and modern Regency style shop front on ground floor. Nos 2 to 25 (consec) form an important group.	
THAMES STREET (West side) No 11	II	Late C17 or early C18, stuccoed and altered mid C19, 3 storey narrow front. Deep eaves cornice to steep hipped old tile roof. 2 windows, casements in broad surrounds on 2nd floor with moulded drop finial string at head level, moulded sill band. Ornate 1st floor window surrounds. Cornice over deep concave soffit to bracketed fascia of shop front, window of 3 colonnetted lights. Nos 2 to 25 (consec) form an important group.	

Listed Buildings Descriptions and Images

Name	Grade	Description	Photo
THAMES STREET (West Side) Nos 12 and 12A	II	Early to mid C19 stuccoed front to much earlier timber framed building. 3 storeys with moulded cornice and old tile roof. 4 windows facing street above modern shop front, small casements to 2nd floor, flush framed sashes 1st floor. The building is mentioned in document of 1639 but framework probably medieval, Heavy roof truss with cambered beam, braces and purling Rear wing, since restoration virtually detached, has exposed timbering, with wall posts, and brick nogging.
